Hammer Head

Cathy Davey

I'll challenge your team to a brawl
Motherfucker, I won't mean it at all
So if this shit hits the fan
I ain't cleaning the walls, no
I'm with a grumpy whore,
Looking for some drugs to score
We need to pull it together, tug o' war
When I was born I wasn't fucking around
Doctor pulled me out the womb
I punched the cunt in the mouth
Oi, you touchin' my mum?
Check out my bone structure
Look, styles man, I'm so fucking good
Even my own mother would

Yo, yo I'm a motherfucking thug homie
Hell yeah, I like to rob a lot
I ain't no b-boy but you'll see me popping locks
I'm a break into you bottle shop
Smash all your dodgy scotch
And start lining up some vodka shots
Everything's looking up right now
Maybe that's because I'm hanging upside down
If I get famous I'm a brown eye the paparazzi
After I tap my arse cheeks just to camouflage me
Whose arse is that?

The hammer head
The hammer head
The hammer head
I'm a give you all the hammer head-eh
The hammer head-eh
The hammer head-eh-eh
If you wanna, you can come and get us

Yo, uh yeah, I'm a be the first Aussie up on MTV crib
Showing you my room full of M16 clips
What cunt, yes me three six
My next tat is gonna be a mp3 link

I got a drug problem
And that problem is
I have to have double the amount to get fucked off them
It's three sixty or Russian 'three sixtae'
Check the website for my free mix tape

The hammer head
The hammer head
The hammer head
I'm a give you all the hammer head-eh
The hammer head-eh
The hammer head-eh-eh
Tommy fucking said

The color yellow is the shit
That's why I think that Elmo is a prick
I gotta let you know I've got an elbow on my dick
So if you're interested, then come and watch me flex it
And maybe you can sex it
And you will leave impressed bitch
We drinking Mai-tai's
Then we say goodnight, bye
Head home and have sex
While we listen to The White Stripes
Nah, I'm a nice guy
Yeah I like the lime light
But I'm confused as fuck
Cause it ain't tasting like a lime white

The hammer head
The hammer head
The hammer head
I'm a give you all the hammer head-eh
The hammer head-eh
The hammer head-eh-eh
If you wanna, you can come and get us
If you wanna, you can come and get us
If you wanna, you can come and get us
If you wanna, you can come and get us
