Fallen Star

Hoobastank

I will never understand why you do it
Lay your life out there on the line
No one ever deserves to go through it
I know I'm not brave enough
To do it with myYou are a star, my fallen star
And all I wanna say is thank you, thank you, thank you
Our life gone dark, my fallen star
And all I wanna say is thank you, thank you, thank youAll I wanna say, all I wanna say is thank you
All I wanna say, all I wanna say is thank youThere's no way to repay what you're given
Still that doesn't mean I won't stop
And show you [?]
I won't ever forget what you sacrificed
You are a star, my fallen star
And all I wanna say is thank you, thank you, thank you
Our life gone dark, my fallen star
And all I wanna say is thank you, thank you, thank you
Thank youShow me how to think about somebody else instead of me
Give yourself away for something bigger than yourself
Show me how to think about somebody else instead of me
Give yourself away for something bigger, bigger, biggerYou are a star, my fallen star
And all I wanna say is thank you, thank you, thank you
Our life gone dark, my fallen star
And all I wanna say is thank you, thank you, thank you
Thank you
Thank you
Show me how to think about somebody else instead of me
Give yourself away for something bigger than yourself
Show me how to think about somebody else instead of me
Give yourself away for something bigger
