Full Stop

Cirez D

Always sitting pretty with my legs closed
Know just how to get up out of limos
If I gotta walk then I gotta mean walk
If you wanna talk politics let's talk
Go by the book, and stick to the plan
Never see me looking at another man
It's no fun when it's all correct
Don't know why I've got my mind in checkForget what you've heard
About the good girl
That's not what I'm about
Im aboutI wanna drive too fast
I wanna play full blast
I wanna dance till I drop
I wanna rock, full stop
I wanna roll too high
I wanna ride or die
I wanna live life hard knock
I wanna rock, full stopAlways call when I'm running a little late
Got my money put away in an estate
Never complain of how I feel
Always down and keeping it real
Always listen to my friends good advice
Never once gambled and I never roll the dice
Always care about the do's and dont's
Cause I didn't want to disappointForget what you've heard
About the good girl
That's not what I'm about
Im a...I wanna drive too fast
I wanna play full blast
I wanna dance till I drop
I wanna rock, full stop
I wanna roll too high
I wanna ride or die
I wanna live life hard knock
I wanna rock, full stopRap:
(I wanna drive at 105 in the Lex ride,
and over-take haterz who ride in the X5 ,
I wanna play music so loud - right,
the whole crowd will hold their ears and go - oww.

I wanna dance till I drop or docs tell me to stop,
or die to the sounds of rock and hip-hop
So many things to do, it's a myriad,
I wanna do whatever i want, period)I wanna drive too fast (Too fast)
I wanna play full blast (Full blast)
I wanna dance till I drop
I wanna rock, full stop
I wanna roll too high (Too high)
I wanna ride or die
I wanna live life hard knock
I wanna rock, full stop (Stop)
