

Come Fly Away (Rivaz Remix)

Benny Benassi

I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away, ay oh
I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away Feels like you're beatin'
 Beatin' the drumbeats into my heart
 Feels like there's nothin'
Nothin' around to make me stop You are a motion that makes me high
 You are a dream that burns inside
 A magic potion, that's my soul
Come fly with me Feels like you're beatin'
 Beatin' the drum beats into my heart
 Feels like there's nothin'
Nothin' around to make me stop You are a motion that makes me high
 You are a dream that burns inside
 A magic potion, that's my soul
Come fly with me I'm glidin' in the beautiful sky, it's such a clear day, oh
 Go ridin' in your sweet lullabies, come fly away, ay oh
 I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away I'm glidin' in the beautiful sky, it's such a clear day, oh
Go ridin' in your sweet lullabies, come fly away I'm glidin' in the beautiful sky, it's such a clear day, oh
 Go ridin' in your sweet lullabies, come fly away, ay oh
 I'm glidin' in the beautiful sky, it's such a clear day, oh
 Go ridin' in your sweet lullabies, come fly away
