Bold as Love

Adore Delano

My walls are crashing down
And I can feel the light of day
The sun is shining down on me (down on me)
I fought through all the doubt
I walked the fire for a flame
It's burning more than yesterday(Come with me)
(Come with me)
(Come with me)
(Come with me)Bold as love
We're bold as love
Can't get enough
We're bold as loveI'm standing at the top
You thought you'd got the best of me
But there was so much more to me (more to me)
I'm never gonna stop
'Cause nothing good comes easily
I picked up every piece of me(Come with me)
(Come with me)
(Come with me)
(Come with me)Bold as love
We're bold as love
Can't get enough
We're bold as love
Love, love, love, love
Love, love, love, love
Love, love, love, loveMy walls are crashing down
And I can feel the light of day
The sun is shining down on me(Come with me)
(Come with me)
(Come with me)
(Come with me)Bold as love
We're bold as love
Can't get enough
We're bold as love
Love, love, love, love
Love, love, love, love
Love, love, love, love
