

# Slave

## Airbag

Slave  
It's been awhile since you left me  
I never wanted it to end up like this  
Is it you or is it me  
Did I lose the faith  
I need someone to be here  
I need someone to care  
But you make me feel so small  
You break me down  
And leave me wanting so much more  
But I can be your slave again  
So come back to me  
Don't leave me all alone  
You're the sweetest taste  
You're in my veins  
I can see so much clearer now with you  
No matter how hard I try  
No matter how bad I feel  
I need you to be here  
Cause I'm never satisfied
