

# Winner

## Pet Shop Boys

This is the moment we'll remember Every day for the rest of our lives Time may rush us, hurt or love us But on this day we have arrived It's been a long time coming We've been in the running for so long But now we're on our way Let the ride just take us Side by side and make us See the world through new eyes every day You're a winner I'm a winner This is all happening so fast You're a winner I'm a winner Let's enjoy it all while it lasts

I've been a loser I've paid my dues I fought my way up from the ground Now at this moment The crowd acclaim us Will you just listen to that sound It's been a long time coming We've been in the running for so long

But now we're on our way Let the ride just take us Side by side and make us See the world through new eyes every day You're a winner I'm a winner This is all happening so fast You're a winner I'm a winner Let's enjoy it all while it lasts It took us so long And we worked so hard We came so far just to compete But don't forget all The love and laughter Now the world is at our feet Looking back on all the times We felt downcast Didn't think we were going anywhere Just living in the past But in that desperation You get inspiration You're a winner I'm

a winner This is all happening so fast You're a winner I'm a winner Let's enjoy it all while it lasts 'Cause you're a winner Took so long We worked so hard We came so far just to compete But don't forget all the love and laughter Now the world is at our feet You're a winner I'm a winner This is all happening so fast You're a winner I'm a winner Enjoy it while it lasts 'Cause you're a winner
