Wanted / Needed

Kensington

Everything you ever wantedYou like it rough you tell me
So I change the way that I hold you
The information never gets to you
The way that I told youUse your head or lose the bet
You're quite upset with the way
Things have been going today
Going todayThe look in your eyes tells me
You've been hiding things
It's so cold, yeah
You've been lying to me
And when I ask her to speak up
She tells me "Hey man, I fooled you
So better luck next time"Use your head or lose the bet
You're quite upset with the way
Things have been going today
Going todayEverything you ever wanted
Everything you ever needed
Everything you ever wanted
Everything you ever neededYou're always speaking
In a condescending way so I told you
And if I could I would have placed an ad
On the net and sold youUse your head or lose the bet
You're quite upset with the way
Things have been going today
Going todayYeah I said, use your head or lose the bet
You're quite upset with the way
Things have been going today
Going todayEverything you ever wanted
Everything you ever needed
Everything you ever wanted
Everything you ever neededEverything you ever wanted
Everything you ever neededIs right here
Right here
Right here
Right here
Right here
