Hurt

Shawn Desman

[Verse 1]If I woulda called you up and told you I was feelin you.
If I didn't hold it in then maybe you wouldn't be with him.
If I wasted so much time, wonderin if we coulda ever been.
Now it's too late for that, baby if I could go back.
I woulda grabbed your hand or something,
But I just let you walk on by.
And now I see him kissing on you,
Let me tell you now I feel it.
[Chorus]Why does it hurt so bad?
You were never mine from the start.
Why does it hurt so bad?
It feels like an arrow going through my heart.
Why does it hurt so bad?
Like you and me was meant to be.
Why does it hurt so bad?
I don't know that's why it hurts so bad (bad).
[Verse 2]And now, I don't wanna eat don't wanna sleep, girl what's wrong with me.
And now, I gotta spend my life knowing that you won't be loving me.
And now, I gotta hold it down and act like I did the day before.
Your with some other guy, if I could turn back the time.
I woulda grabbed your hand or something,

Then everything would be alright.
And now I see him kissing on you,
Let me tell you now I feel it.
[Chorus]Why does it hurt so bad?
You were never mine from the start.
Why does it hurt so bad?
It feels like an arrow going through my heart.
Why does it hurt so bad?
Like you and me was meant to be.
Why does it hurt so bad?
I don't know that's why it hurts so bad (bad).
Girl I can't be mad at you.
You didn't know the way I felt till now.
It's hurting me so, but I know I got to let it go.
[Chorus x2]Why does it hurt so bad?
You were never mine from the start.
Why does it hurt so bad?

It feels like an arrow going through my heart.
Why does it hurt so bad?
Like you and me was meant to be.
Why does it hurt so bad?
I don't know that's why it hurts so bad (bad).
