

Love You More

Ginuwine

I just don't know what else to say, baby
There's really nothing left to say
There's really nothing more I can say
But I love you
Listen
Yeah
I love you
I love you
Listen Since you came inside my life, you've givin me the best of you
Everyday and night, I felt my happiness in you
Make me wanna ride, to the end of any valley
Then you give me peace of mind, you bring me comfort to my soul
Give me such a high, no I will never let you know
Make me wanna fly to the top of every rainbow
Listen I love you more everyday, you show me love in every way
There's nothing left for me to say
But I love you
I love you more everyday, you show me love in every way
There's nothing left for me to say
But I love you So promise me you'll never leave, you'll never say, "This is the end"
You'll spend your life with me, you'll be my wife and my best friend
Raise a family, something we both can treasure, ooh yeah
In the mean time, I'm gonna put in work
You gonna be fine, you never have to work
So won't you come and fly with me, forever you and me
That's how it's suppose to be
I love you I love you more everyday, you show me love in every way
There's nothing left for me to say
But I love you
I love you more everyday, you show me love in every way
There's nothing left for me to say
But I love you I won't stop loving you
And I won't stop kissing you
You're the reason why I smile
And I won't stop holding you
And I won't stop loving you
You're the reason why I smile I love you more everyday, you show me love in every way
There's nothing left for me to say
But I love you

I love you more everyday, you show me love in every way
There's nothing left for me to say
But I love you I love you more everyday, you show me love in every way
There's nothing left for me to say
