Under the Surface

Neurosis

Advisory - the following lyrics contain explicit language:

Behind a burning red fog
The great mind swims in confusion
It's blood ferments in anger
Honor and wisdom will cowerYour river's flow is damned all to hell
Your river's flow is damned all to hellDrifting in a current to stagnate
Encircle the vision of rustYour river's flow is damned all to hell
Your river's flow is damned all to hellStrong hearts soar through blindness
Tearing the fog, tearing the eyes to clarity
To a place where truth is seenYour shell is hollow
Your shell is hollow, so am I
The rest will follow
The rest will follow, so will I, so will I
