

# Build Strong (Feat. Tekitha)

## RZA

Yo yo confused but yet wise my problem surrounds me

    A lot of things upset me as my soul rejects me

Enemy of my self physical.....listen, let me tell you about..

Yo yo confused but yet wise my problem surrounds me

    A lot of things upset me as my soul rejects me

    Enemy of self physically enslaved

    By the luxuries of this world so I behave

        Like a man inside the grave

        Who's life is lost

I want the promised gold but can't afford the cost

    Or could I, I know the prescribed laws

        Any effect is a result of the cause

Of lies and delusions to myself I have lied

    Burning inside wanting to open wide

        And scream

        The name of the supreme

        But I'm trapped in this world

        Lusting for girls

Therefore I imagine a genie and a wish

    And searching for things that just does not exist

But in the midst there's the answer for which I have searched

    Cause from me springs divine prince rakeem

    And that is me the master of equality

        With the ability

        To set myself free

        But b.o.b.b.y

        He don't want to die,

        He don't want to die he don't want to try

            So I'm forced to cry

And get trapped up for living my life inside a lie

    These problems surround me

    A lot of things upset me

        As my soul rejects me

        Enemy of my self physically enslaved

    By the luxuries of this world so I behave

        Like a man inside the grave

        Who's life is lost

I want the promised gold but I can't afford the cost

    Or could I, I heard of the prescribed laws

Any effect is a result of the cause  
Of lies and delusions to myself I have lied  
Burning inside and wanting to open wide  
And scream  
The name of the supreme  
But I'm trapped in this world  
I'm lustng for girls  
Before I imagined a genie and a wish  
And I'm searching for things that does not exist  
But in my midst there's the answer  
For which I have searched  
Cause from me springs the divine prince rakheem  
And that is me the master of equality  
Give myself the opportunity  
And set free and be all I can be  
Be all I can be  
And not a nigga just trapped up in luxury  
Yo bobby digital got to get knowledge of his self right now,  
As we go through the struggle of life we got to go from boy to man  
We start off as sperm to baby baby to man from man to dead man  
And from dead man back to sand  
All praises due to allah the most high word up  
I got to be free I got to be free I got to break free  
I got to break free I got to break free I got to break.....
