

Somewhere Between Heaven and Earth

Cindy Bullens

I curse the night
I watched you slip away
Wouldn't have done no good
To beg you to stay

You were here beside me
But now you're gone
I'm trying hard
To carry on

But there's no rhythm in the rain
There's no magic in the moon
There's no power in this pain
Till somewhere between heaven and earth
I can find you again

Hearts are broken
And dreams are lost
But I made a promise to love
At any cost

Little did I know
The price was so high
Losing forever
In the blink of an eye

There's no rhythm in the rain
There'e no wishes in the stars
There's no power in this pain
Till somewhere between heaven and earth
I can hold you again

If I could one more time
Feel your hand in mine
Hear your voice call my name
And whisper sweet good night

Then there'd be rhythm in the rain
There'd be magic in the moon
No such thing as love in vain

And somewhere between heaven and earth
You'd be with me again
And I could see you again
And I could hold you again, my baby
Somewhere between heaven and earth...
I will see you again
