

# Durag vs. Headband (feat. Big Body Bes)

## Action Bronson

[Intro]

Yeah, yeah

(uh-uh)

It's me, it's me

(uh-uh)

I was hatched in '83

Fuckin' standing like the Notre Dame logo right now

Just leave this shit, man[Verse 1]

If I choose the right horse, I'ma buy a white Porsche

Never take the night off, saying that my mind's off

Ever since I came out I been handing pain out

Fold a wire-hanger through your nose

Take your brain out, hey now

On the stage I'm like great balls of fire

One more year I'll be on 'Late George', retired

Big steak like a cheap tire

Season up some biceps and throw 'em in deep fryer

[Hook]

I been hot since I was this big, yeah

I been hot since I was this big, stupid[Verse 2]

I'm sick like feeding squirrels the summer in a bubble jacket

If this was '96 I def had The Tunnel packed in

Big beard like I'm lumberjackin'

Mash the petal of the 850

Sound like the thunder cracking

I'm in a club with a condom on

All Under Armour on[Big Body Bes]

And when I die, make sure you spread my blood on a BMW

And when I die, make sure you spread my blood on a BMW[Verse 3]

Microphone attached to my hand so I can dance my little heart out

Don't make me bring the white guitar out

Like the one in Wayne's World

That was shining in the window

Since 13 I been a nympho

Fuck That's Delicious on box set

Me and my mans smoking on big drugs and feasting on the ox leg

Stand in the store with twenty Achmed's 'zookas on shoulders

Hundreds pounds of C4 in a stroller

Z4s roll up, shit's cold, I think I need a ricola

I just dropped a million kroner I'm a stoner  
You lack culture, I'm a psychedelic image of a black vulture Trapped inside a past soldier[Break]  
I just blew my motherfuckin' high, man. Holy shit  
I been hot since I was this big, motherfucker[Big Body Bes]  
And when I die, make sure you spread my blood on a BMW  
And when I die, make sure you spread my blood on a BMW  
Albanian style, I wanna die by machine gun
