

Blue Wonder Power Milk

Hooverphonic

I wonder why I feel inside
A red green light
But I can enjoy
Blue wonder power milk
I wonder why I feel inside
A red green light
But I can enjoy
Blue wonder power milk
Custom made eyes open wide
Custom made eyes open and dive
In wild molten wine
Wild molten wine, wild molten wine
She saw me talking with this double chin girl
Felt repulsion only I could enjoy
Amazing discoveries
She used to drink blue wonder power milk
Romantic carpet spread it out
To find solutions lots of doubts
Romantic carpet soaked with
Soaked with wild molten wine
Wild molten wine, wild molten wine
Can I be your
Can I feel your
Can I see your
Can I be your
Can I feel your
Can I be your
Can I feel your
Can I see your
Can I be your
Can I feel your
Can I see your
Can I be your
Can I be your
Can I feel your
Can I see your
Can I be your
Can I feel your
Can I see your
