Adams Murmur

Cynic

Feet to hip
Nave to breast
Throat to brain
and skin arrangeNow we're one soulThrough my great arteries
to every blade of grass, a universal path
in
a primal energy
where creation is borne,on sympathetic chordsHearing Adam's murmur
a Sanskrit alphabet
unholy apple tree
seven flowersFeet to hip
Nave to breast
Throat to brain
and skin arrangeI fall inside my trance
I tap my heart to test
harmony within
a merciful connectionHearing Adam's murmur
a Sanskrit alphabet
unholy apple tree
Seven flowersFeet to hip
Nave to breast
Throat to brain
and skin arrangeFeet to hip
Nave to breast
Throat to brain
and skin arrangeNow we're one soul
