

# Adams Murmur

## Cynic

Feet to hip  
Nave to breast  
Throat to brain  
and skin arrangeNow we're one soulThrough my great arteries  
to every blade of grass, a universal path  
in  
a primal energy  
where creation is borne,on sympathetic chordsHearing Adam's murmur  
a Sanskrit alphabet  
unholy apple tree  
seven flowersFeet to hip  
Nave to breast  
Throat to brain  
and skin arrangeI fall inside my trance  
I tap my heart to test  
harmony within  
a merciful connectionHearing Adam's murmur  
a Sanskrit alphabet  
unholy apple tree  
Seven flowersFeet to hip  
Nave to breast  
Throat to brain  
and skin arrangeFeet to hip  
Nave to breast  
Throat to brain  
and skin arrangeNow we're one soul
