

Square One

Coldplay

You're in control, is there anywhere you wanna go?
You're in control, is there anything you wanna know?
The future's for discovering
The space in which we're traveling From the top of the first page
To the end of the last day
From the start in your own way
You just want somebody listening to what you say
It doesn't matter who you are Under the surface trying to break through
Deciphering the codes in you
I need a compass, draw me a map
I'm on the top, I can't get back The first line on the first page
To the end, at the last place
You were looking
From the start in your own way
You just want somebody listening to what you say
It doesn't matter who you are
It doesn't matter who you are You just want somebody listening to what you say
You just want somebody listening to what you say
It doesn't matter who you are
It doesn't matter who you are Is there anybody out there who is lost and hurt and lonely too
Are they bleeding all your colors into one?
And if you come undone as if you've been run through
Some catapult, it fired you, you wonder if your chance will ever come
Or if you're stuck in square one
