When Love Comes In

Tampa Red

It don't matter how tough you've been
You may be wicked and in your sin
You can't be the same when love come inYou may be the hottest shot in town
Blowin' your beans and breakin' down
You can't be the same when love come inYou may go away
You may try to stay
But there's comin' a day
For this you've got to payYou may be drinkin' and truckin' 'round
Blowin' your stuff all over town
You can't be the same when love come inYes, now take it awayNow, you may go away
You may try to stay
But there's comin' a day
For this you got to payYou may be drinkin' and truckin' down
Doin' your stuff all over town
You can't be the same when love come in
