

Chapel Bells Chime

Marty Robbins

Chapel bells chapel bells
Chapel bells a message of love you tell chapel bells ring sweetly tonight
All is well echo the chapel bells neath the spell of the moon's golden light
In my arms I hold you so close to me and love flows so tenderly
From your heart to mine
And as we whisper softly our words of love are echoing far above

As chapel bells chime
[trumpet]Chapel bells a message of love...
