

# Gangster Blues

Avery Brady

Oh I, I know it's only time  
Only time until  
You pull the job that kills You say you' ll never do it again  
But you know you will  
Call your boys who know the drill  
It pains me to see how you get you thrill Now time will prove  
Now you have to choose  
If life's the game you lose  
By taking one last chance and falling  
To the gangster blues I, I heard the people say  
You're in high demand  
Well, badness will follow badman You know you only do it son  
'Cause you now you can  
Another drive another gram  
Well, think of your family, understand Now time will prove  
Now you have to choose  
If life's the game you lose  
By taking one last chance and falling You know it's true  
Life can be so cruel  
Time won't wait for you  
And I don't want my friend a victim  
Of the gangster blues  
(Gangster blues, gangster blues) Bad man and bad John  
From all about, rock it out  
Me draw for me spliff not  
The cocaine, me left it out Babylon ah watch m'run  
Big tings from long time  
Time, time 'ey yeah  
Burning, hustling, smuggling, planting  
Ah, bare weed me deal wid And me nah touch  
De hard ting  
Soon done ya chattin' when  
De war start fi happen  
Right now Now time will prove  
Now you have to choose  
If life's the game you lose  
By taking one last chance and falling  
To the gangster blues
