

# Silly Ho

Tlc

Whoot whoot whoot whoooo  
Whoot whoot whoot whoooo  
Whoot whoot whoot whoooo  
Whoot whoot whoot whoooo  
I ain't never been no silly ho  
    Waitin' for your call  
Like the other girls want you  
I ain't never been no one to mess  
    With someone else's mess  
That's not a thing for me to do  
I ain't never been that chicken head  
    To wake up in your bed  
    After every club or two  
Ain't gonna be the one in mini skirt  
    Always wanna flirt  
With every player on the team  
    If you really wanna find  
    Someone to get some behind  
    I ain't the one for you  
And if you really wanna know  
    Boy, you need a silly ho  
To do whatever you wanna do  
    If you really wanna find  
    Someone to get some behind  
    I ain't the one for you  
And if you really wanna know  
    Boy you need a silly ho  
To do whatever you wanna do, ooo ooo  
I ain't never been no silly bitch  
    Waitin' to get rich  
    From a nigga bank account  
I have always had my own things  
    Bought my own rings  
Not gon' let you catch me out  
You should take a lesson from me  
    I ain't the one to be  
    Dependin' on someone else  
I can run a scam before he can  
    I'm better than a man

I always keep my game on deck  
If you really wanna find  
Someone to get some behind  
I ain't the one for you  
And if you really wanna know  
Boy, you need a silly ho  
To do whatever you wanna do  
If you really wanna find  
Someone to get some behind  
I ain't the one for you  
And if you really wanna know  
Boy you need a silly ho  
To do whatever you wanna do, ooo ooo  
If you really wanna find  
Someone to get some behind  
I ain't the one for you  
And if you really wanna know  
Boy, you need a silly ho  
To do whatever you wanna do  
If you really wanna find  
Someone to get some behind  
I ain't the one for you  
And if you really wanna know  
Boy you need a silly ho  
To do whatever you wanna do, ooo ooo  
You know you can't get with this  
One night you just  
Go and must find a ho  
To give it up  
Why you even try your luck?  
Stuck on silly shit  
Boy you know you need to quit  
Ain't the one for all this  
You missed out  
I'm, I'm, I'm out  
I'm out, I'm out, out, out  
I'm, I'm, I'm out, out  
I'm, I'm out  
I'm out, out, out  
If you really wanna find  
Someone to get some behind  
I ain't the one for you  
And if you really wanna know  
Boy you need a silly ho  
To do whatever you wanna do

If you really wanna find  
Someone to get some behind  
I ain't the one for you  
And if you really wanna know  
Boy you need a silly ho  
To do whatever you wanna do, ooo ooo  
If you really wanna find  
Someone to get some behind  
I ain't the one for you  
And if you really wanna know  
Boy you need a silly ho  
To do whatever you wanna do  
If you really wanna find  
Someone to get some behind  
I ain't the one for you  
And if you really wanna know  
Boy you need a silly ho  
To do whatever you wanna do, ooo ooo  
Whoot whoot whoot whoooo  
Whoot whoot whoot whoooo  
Whoot whoot whoot whoooo
