

# FEVER (Mowgli & Bagheera Radio Edit)

## Cascada

I'm not a beauty queen  
Traveling in a limousine  
I'm a girl but don't call me baby Who the fuck is VIP?  
Never alive in luxury  
I don't care so just call me crazy  
Can you give it out? Don't stop just take it to the limit  
Watch me boy It's spinning around this time  
Hush, hush, running to the night, feel alive I just can't get enough when I'm with you  
'Cause your fever makes me feel so good  
Turn it up boy you make your move  
See I'm burning but it feels so good Can't get enough when I'm with you  
You got fever but it feels so good  
Turn it up baby make your move  
Keep me burning 'cause it feels so good I don't need no superman  
Trying to tell me who I am  
Know it all's a driving me crazy Nothing ever is for sure  
I can't take this anymore  
All I want is yes or no baby  
Can you give it out? Don't stop just take it to the limit  
Watch me boy it's spinning around this time  
Hush, hush, running to the night, feel alive I just can't get enough when I'm with you  
'Cause your fever makes me feel good  
Turn it up boy you make your move  
See I'm burning but it feels so good Can't get enough when I'm with you  
You got fever but it feels so good  
Turn it up baby make your move  
Keep me burning 'cause it feels so good It's so hot, Do it, do it real good  
Can't stop, Do it, do it real good  
It's so hot, Do it, do it real good  
Can't stop, Do it, do it real good It's so hot, Do it, do it real good  
Baby you got fever  
Can't stop, Do it, do it real good  
Baby you got fever  
It's so hot, Do it, do it real good  
Baby you got fever  
Can't stop I just can't get enough when I'm with you  
'Cause your fever makes me feel good  
Turn it up boy you make your move  
See I'm burning but it feels so good Can't get enough when I'm with you

You got fever but it feels so good  
Turn it up baby make your move  
Keep me burning 'cause it feels so good
