

Only You

August Moon

I am sure everything that I want is in your features
A future I can live in
Everything I want to do, I want to do it all with you
I only want to be in love with you I know how much you like your sugar, well I'm kind of a sucker
I'll fill you up with sweet nothings
'Cause I just want to do everything I can for you
I only want to be in love with you You are the stream coursing through me, shaping my heart
You are the seams stitched into me, never apart
And if you let go, then I just know, I'll fall into pieces So let's go far, shoot for the stars, you're all I need
