## The Piper

## **ABBA**

They came from the hills

And they came from the valleys and the plains

They struggled in the cold

In the heat and the snow and in the rainCame to hear him play

Play their minds awayWe're all following a strange melody

We're all summoned by a tune

We're following the piper

And we dance beneath the moonWe're following the piper
And we dance beneath the moon for him
And we dance beneath the moonSub luna saltamusThey came from the south
From the west and the north and from the east

They waited for the man

Like a parish is waiting for the priestLonged to hear him play Play their minds awayWe're all following a strange melody

We're all summoned by a tune

We're following the piper And we dance beneath the moonWe're following the piper

And we dance beneath the moon for him

And we dance beneath the moonSub luna saltamusHe gave them a dream

He seduced everybody in the land

The fire in his eyes

And the fear was a weapon in his handSo they let him play Play their minds awayWe're all following a strange melody We're all summoned by a tune

We're following the piper

And we dance beneath the moonWe're following the piper

And we dance beneath the moon for him

And we dance beneath the moonAnd we dance beneath the moon
