Icepick Lobotomy

Cannibal Corpse

Ominous nefarious completely insane
Doctor Butcher and his dungeon of death
Unorthodox therapies performed on the brain
Prolific practitioner of painLaying out the tools of his trade
Psychosurgery
Scalpel, ice-pick and drill
Subject securely restrained
Electroshock is engaged
Prepare for the final phase
Cranial penetrationOminous nefarious completely insane
Doctor Butcher and his dungeon of death
Unorthodox therapies performed on the brain
Prolific practitioner of painBrain cutter
Soul killer
Thousands of subjects lobotomized
Brain cutter
Soul killer
The butcher has altered their lives
