

Dealing in Hypotheticals (feat. Madison McFerrin)

Soft Glas

Close your eyes, and just feel..
My hand in yours,
No words, just chords.. serenading.
Pulses racing
Fighting not to let me in,
Worried that my love could win
you over.
And coming any closer
could be no good.

If i was your Woman,
If you were my Man,
Nothing to suspect,
No, we bend to understand.

Cuz if I was your Woman,
loving without doubt would be a (...?)

Fighting not to let me in, No..
Worried that my love could win
you over
and coming any closer could
be no good

If I was your woman,
If you were my man,
Nothing to suspect
No, we bend to understand.

Cuz if I was your woman,
Loving without doubt would be a (...?)
