

In Flight

[Monica Heldal](#)

When the carnival leaves a small town
And everyone's wavin' goodbye
Asking you "Tell me all things that you've seen.
Well now tell me the stories from places you've been."BRIDGE
You can send me a rambling man
So I wanna show me how much I can do
Oh and take me to places
Oh take me to placesI'm in flight
Oh in flightAking and tire wear, drinking home, blue
In this life for some reason I always end up with you
Oh but it's hard to forgive you turn out to be
And I'm damn now I lay here now why can't you see

BRIDGE

You can send me a rambling man
So I wanna show me how much I can do
And oh take me to places
Oh take me to placesI'm in flight
Oh in flight
I'm in flight
Oh in flightGUITAR SOLOLittle girl trustin' been for once again
And this man said he'd bring you to the gracefulest land
Oh but whether he's northern or a traveler from the south
Promises are only words from his mouth

BRIDGE

You can send me a rambling man
So I wanna show me how much I can do
And oh and take me to places
Oh take me to placesI'm in flight
Oh in flight
I'm in flight

Oh in flightBRIDGE

You can send me a rambling man
So I wanna show me how much I can do
And oh and take me to places
Oh take me to placesGUITAR SOLOEND
