## Cris Cab

Yo, yo, uh, uh  
Y'know how Cam act drunk or playin' sacks, stand back  
Have a girl with a grand pack on Amtrak  
Real shrewd, all these niggas be harrasing a dude  
Eat a girl that's mad or put glass in my food  
Or kill me in my sleep or fill me in deep  
And if we in Alaska, still we feel heat  
She know how to treat me, don't bug me or beat me  
And after she skeet me, she fuck me  
I remember the days when I wanted you  
And tell me, dancing lady, said to step to you  
But now that I'm gone, attitude is gone  
Say you wanted me all along, what should I do for you?  
Oh, so damn sexy but you're scandalous  
I know I need a baby I can trust  
Oh, when it comes to you  
All I wanna do is give it to you  
Now don't pretend it ain't my antics that attracted you  
Ain't nothing changed about case since I first met you  
But now that I'm on, your attitude's gone  
You say you wanted me all along what should I do?  
I always wanted to give it to you  
Touch you in the places you want me to  
Now is my time to put it on you  
If only you tell me you want me to  
Oh, so damn sexy but you're scandalous  
I know I need a baby I can trust  
But when it comes to you  
All I wanna do is give it to you  
Uh, uh, uh  
Nice girls with a fella thought  
I need a hoe that make her tell that bitch  
Come give me from the Hella Port  
With a blunt roll, hear her bone  
Fault even with the stunt  
Case be unfold, drink milk a month old  
Be duckin' a fever with one roll  
And no one to console, come roll  
With Big Pun and, yeah, Kenny Smoove

Take a bath, bitch  
And get her in any move  
Oh, so damn sexy but you're scandalous  
I know I need a baby I can trust  
But when it comes to you  
All I wanna do is give it to you  
Oh, so damn sexy but you're scandalous  
I know I need a baby I can trust  
But when it comes to you  
All I wanna do is give it to you  
Oh, so damn sexy but you're scandalous  
I know I need a baby I can trust  
But when it comes to you  
All I wanna do is give it to you  
Oh, so damn sexy but you're scandalous  
I know I need a baby I can trust  
But when it comes to you  
All I wanna do is give it to you  
Oh, so damn sexy but you're scandalous
