

Say It

Voices of Theory

You know that I want you, babe
You know that I need you
You know that I love you
Just say itAm I giving enough?
Is it all that should be?
When water gets rough
Will you still swim with me?So afraid to come close
And maybe too slow
And maybe too much
For you to consumeAnd I wanna know if I
Could live inside your world
And I wanna know if I
Could give it to you, girlYou know that I wanna say it
You know that I need to say it
You know that I love to say it
Our love just goes on and on and onYou know that I wanna say it
You know that I need to say it
You know that I love to say it
My love just goes on and on and onI gave you all that you need
There's no better place you can be
And I know that in time
You will believe in meSo please hold out your hand
And lets just changes golden band
'Cause I want you in my life
I want you to be my wifeAnd I wanna know if I
Could live inside your world
And I wanna know if I
Could give it to you, girlYou know that I wanna say it
You know that I need to say it
You know that I love to say it
Our love just goes on and on and onYou know that I wanna say it
You know that I need to say it
You know that I love to say it
My love just goes on and on and onMy girl so special
I want to give it all to you
Loving you on and on
My girl so special
I want to give it all to you
Loving you on and onAnd I wanna know if I

Could live inside your world
And I wanna know if I
Could give it to you, girlYou know that I wanna say it
You know that I need to say it
You know that I love to say it
Our love just goes on and on and onYou know that I wanna say it
You know that I need to say it
You know that I love to say it
My love just goes on and on and on
