Take Your Best Shot

Keith Addison

Go on and take your best shot
Blow them away
Blow them away
Blow them away
Blow them awayI, I don't know why
And lately I don't understand
Why the world's so blind
And no one seems to give a damnDon't let them say
That you can't be the things that you
Won't don't believe themYou gotta take your best shot
Blow them away
Blow them away
Take your best shot
Blow them away
Blow them awayI, I don't know why
Well, everything's not okay
Try before you die
'Cause that just might be todayDon't let them say
That you can't be the things that you want
Just believe in yourselfAnd take your best shot
Blow them away
Blow them away
Take your best shot
Blow them away
Blow them awayThis is your life
What are you gonna do?Don't let them say
That you can't be the things that you want
Just believe in yourselfAnd take your best shot
Blow them away
Blow them away
Take your best shot
Blow them away
Blow them awayGo on and take your best shot
