

# Runner (Mitch Krebs Remix)

## From Indian Lakes

When you're old enough  
When you've been through it  
You won't know what it's like  
You can't see things the same  
But you're closer now  
Did you close your eyes?  
Did I close them first?  
You weren't strong enough  
I'm no stronger than you  
But the years take their toll on us all  
I'm starting to see why you drifted away after all  
And no one explains to you  
Where the things go that you love  
'Till they're already gone  
You held on for us  
The house gathered dust  
We were selfish then  
And we held on to things  
But they're all gone now  
Did I take too long?  
Did I ask too much?  
I didn't love you as much as I could  
The silence is killing me now  
I'm starting to see why you drifted away after all  
And no one explains to you  
Where the things go that you love  
How many times will I try to pretend that you're here?  
And I had a few questions I never got to ask you in time  
'Cause you'd already gone
