

Dance with the Devil

Gucci Mane

Hah

(Aye, Lil Metro on that beat) 100 grand'll make a nigga cool, wanna dance with the devil

Get the gloves and the shovel, he's tryna dance with the devil

A ghetto superstar make a bitch want to dance with the devil

When she glance at the bezel, she wanna dance with the devil

Diamonds on a nigga neck dancing, dancing

Diamonds on my wrist and fist dancing, dancing

Diamonds on my pinky ring dancing, dancing

Big booty bitch keep dancing, dancing

Real trap niggas take chances, flirting with the devil slow dancing

Real street bitches take chances, flirting with the devil romancing

Dancing

Dancing all night 10 grand make you dance, dance

100s in my pants turn your chick to my girlfriend

Gucci in the battle box I just walked out the bullpen

Pitching dog food, make a junkie out your husband

100 stacks'll make 'em shoot you clean in your dad head

Catch you at the trap and shoot you clean out your hellcat

Everybody wanna be the kingpin man

The feds snatched 'em up now we ain't seen this man

2017, everybody get high

Taking street drugs like they ass can't die

And I ain't tryna preach cause I got high too

I'm an ex-drug dealer, nigga how bout you

I'm an ex-con, ex-hood, long with a dope bomb

Niggas don't make 21 where I come from (Wow)

Took a chance and fucked the hood hoe, no condom

Took a chance and put a price tag on your little one

100 grand'll make a nigga cool, wanna dance with the devil

Get the gloves and the shovel, he's tryna dance with the devil

A ghetto superstar make a bitch want to dance with the devil

When she glance at the bezel, she wanna dance with the devil

Diamonds on a nigga neck dancing, dancing

Diamonds on my wrist and fist dancing, dancing

Diamonds on my pinky ring dancing, dancing

Big booty bitch keep dancing, dancing

Real trap niggas take chances, flirting with the devil slow dancing

Real street bitches take chances, flirting with the devil romancing

Dancing Tattoos all over but she bougie

Acting stiff but her booty keep choosing
In every neighborhood there's a Gucci
The neighborhood dealer with an Uzi
Baby started off right as a good girl
Now she's tryna act hard like a hood girl
Tryna catch a nigga playing for the Falcons
But steady sucking up the nigga with the dragons
Diamonds on my neck and wrist lit, that's a combo
Yellow bitch, her dark skin friend, call it gumbo
Pull up in a lot and the car cost a condo
Leave with your chick but send her back with a grand though
Yeah, yeah, it's Gucci Mane and Metro
If Metro don't trust you I'ma foot you in your asshole
Yeah, I started from the bando

I took her to the 6 but no, that's not Toronto100 grand'll make a nigga cool, wanna dance with the devil
Get the gloves and the shovel, he's tryna dance with the devil
A ghetto superstar make a bitch want to dance with the devil
When she glance at the bezel, she wanna dance with the devil
Diamonds on a nigga neck dancing, dancing
Diamonds on my wrist and fist dancing, dancing
Diamonds on my pinky ring dancing, dancing
Big booty bitch keep dancing, dancing
Real trap niggas take chances, flirting with the devil slow dancing
Real street bitches take chances, flirting with the devil romancing
Dancing
