I Will Stay (R&B Remix)

Zoe Grace

I WILL STAY r&b remix
(lyrics)

Smiles are gone
Skies turn gray
Feel so alone(feel so alone)

(Pause)

All your friends
Disappeared
No one to hold

(Pause)

But I know
Tears come rolling down
Don't be scared
I'll embrace you in my arms-
Forever

(Pause)
I don't know what's going on,
These days are becoming more and more harder for me, tell please,
How should be strong?

Listen to the pain
Listen to the pain, You
can hear it when I sing, it's
driving me insane.
And I'm screaming out Your
name, screaming shouting but
please can You stay..
I'm lost, I'm scared(I'm scared)
I'm worry(worry)
Sneer(sneer)
So please (so please)
I'm stuck
can You please just stay with me
Cause I make my best when I'm with You (make my best when I'm with You..uuu

Feel so alone
Everything's gone
But feels like no one's around,
Just me and my broken heart,
Oh when I feel your embrace,
You send your amazing Grace,
Or maybe you just show your face,
Cause it feels like it's been awhile since you showed up for me.
You said You'd be there
When my tears keep on falling
You also told me
You be the one
Who once make me smile
When everything's down
And will pick me up when I fall
Just when I think I'm alone
You show me that I'm not alone
Just when You come
And you say to me

(CHORUS)
And I will stay
When
No
Ones
There
Darling your pain
Won't
Feel
The
Same
Rest in my arms
I
Hold
You
Close
Just say the word
And
I
Be
There
(MUSIC)
