

Let's Go

The Family Ruin

We got caught up in the moment here
Lost in the mood tonight
And I don't wanna be the one to put the brakes on but this just ain't right
So don't speak, don't say a word
There's nothing I haven't heard
The sound of your voice cuts right through me
Convince yourself of lies and then forget about the truth
Just don't believe everything they tell you
Let's go honey one last time, one more fight before we say goodbye
This is how it's gonna be (How you wanted it)
From the bottom of my heart, for tearing you apart
Then I am sorry
I'm sorry
Don't scream my name
'Cause it won't change a thing
You're holding on to something that won't that won't ever be the same
When the dust settles down
Resolution will be found (will be found)
And I hope you're happy with this now
Convince yourself of lies and then forget about the truth
Just don't believe everything they tell you
Let's go honey one last time, one more fight before we say goodbye
This is how it's gonna be (How you wanted it)
From the bottom of my heart, for tearing you apart
Then I am sorry
I'm sorry
Let's go honey one last time
One more fight before we say goodbye
Let's go honey one last time
One more fight before we say goodbye
Let's go honey one last time
This is how it's gonna be
Let's go honey one last time
One more fight before we say goodbye
This is how it's gonna be (How you wanted it)
From the bottom of my heart, for tearing you apart
Then I am sorry (Then I am sorry)
From the bottom of my heart, for tearing you apart
Then I am sorry (I'm sorry)
From the bottom of my heart
