Just sit the fuck down and shut the fuck upI love your hair (thanks)
I love your hair (cool)
The rain keeps fallin' on my head now
Messin' up my hair now messin' up my hair
The rain keeps pourin' in my brain now messin' up my head now
Messin' up my headIf I can wear it down (I love your hair)
Or I can pick it out (I love your hair)
Or I can pull it up (I love your hair)
pull it up (I love your hair)
pull it back (I love your hair)

Or I can rip it out (I love your hair)
rip it out (I love your hair)

(I love your) rip it out (I love your) rip it out (I love your hair)
Flick my cigarette on the red carpet
I ain't gotta be polite if pluto ain't gotta be a planet (I love your hair)
