

All That I Want

Rival Sons

if i could make you love me
i would not want you to
it's you that i want
and not what i want from you if i could help you see me
the way that i see you
hope you like what you see
and i hope that it pleases you i don't care what it takes
from me to give to you
i'll do anything that you ask me to you're all that i want
you're all that i want if you could feel my heartache
each time you walk away
you would never leave
and i would never ask you to stay if you could only hear me
the way i hear your voice
it would bring you to tears
and i want you to have a choice i don't care what it takes
from me to give to you
i'll do anything that you ask me to you're all that i want
you're all that i want if i could make you love me
i would not want you to
it's you that i want
and not what i want from you if i could help you see
the way that i see you
hope you like what you see
and i hope that i please you
