

# Burn The Floor

Blake McGrath

Yeah...

I'm gonna take you on a ride tonight, yeah

I'm gonna make you, make you mine tonight, hey

We gonna be dancing till the morning light

Run to your home, baby never let go of it

Baby just wait and see ill show you all of itLock the doors, shine the light,

Watch me dance for you tonight

Turn it up, make it loud

Spin the circle round me now

Rock the bottles, fill the cups

Temperature is rising up

Watch me baby, watch me make it hot, hot, hot, hotGonna keep it coming till you can't take it anymore

Keep you sweating till you drip all over the floor

Gonna light the fire make it rain, make it burn

So sound the alarm, and baby watch me burn the floor

Baby watch me burn the floorI'm gonna take you on a ride tonight yeah

I'm gonna make you, make you mine tonight, hey

We gonna be dancing till the morning light yeah

Run to your home, baby never let go of it

Baby just wait and see I'll show you all of itLock the doors, shine the light,

Watch me dance for you tonight

Turn it up, make it loud

Spin the circle round me now

Rock the bottles, fill the cups

Temperature is rising up

Watch me baby, watch me make it hot, hot, hot, hotGonna keep it coming till you can't take it anymore

Keep you sweating till you drip all over the floor

Gonna light the fire make it rain, make it burn

So sound the alarm, and baby watch me burn the floorOooOoo yeah yeah

OooOoo yeah yeahhhh!

OooOoo yeah yeah

I'm gonna keep you dancing yeahGonna keep it coming till you can't take it anymore

Keep you sweating till you drip all over the floor

Gonna light the fire make it rain, make it burn

So sound the alarm, and baby watch me burn the floor

Baby watch me burn the floor (floor)

Baby watch me burn the floor

Oooo yeah yeahh!

Baby watch me burn the floor (floor, floor, floor, floor....)
