

I Ain't Blue (Remastered Version)

Bonnie Raitt

I ain't blue
Just a little bit lonesome for some lovin'
Everythin' is fine
I just don't wanna be all by myself On a rainy day I'm feelin' kind of funny
Dreamin' 'bout some lover man who'll call me honey
Yeah, and a good lookin' man
My heart inside a lonely smile and lovin' in his eyes No I ain't blue, baby
But I'm just a little bit lonesome for some love again
Everythin' is fine
Just don't wanna be all by myself Sit around the house readin' magazines
All the time thinkin' 'bout those same sweet dreams
Yeah, walk down the street, my heart jumps a beat
Every time I see some sweet man I wanna meet
