

She Was A Teenage Zombie

Murderdolls

She was a teenage zombie
She was a teenage corpse
She was a teenage zombie
Drop dead gorgeous that's for sure
Don't know what I'm feeling or what I should say
On how my life changed, the day I stumbled on her grave
Not a necrophiliac, I guess I was bored
Her love just spend my time, with a fresh embalmed corpse of course
She was a teenage zombie
She was a teenage corpse
She was a teenage zombie
Drop dead gorgeous that's for sure

I took her to the movies and I took her to the park
I took her in the back seat and that's where she stole my heart
And then I walked her home from our postmortem date
She took me by the hand and we danced upon her grave
She was a teenage zombie
She was a teenage corpse
She was a teenage zombie
Drop dead gorgeous that's for sure [Incomprehensible]
She was a teenage zombie
She was a teenage corpse
She was a teenage zombie
Drop dead gorgeous that's for sure
