The Fire Inside

Bon Jovi

Silver bullet in the wild blue
Crack in the walls I'm coming through
Think you can stop me, well, take a look in these eyesYou can't cage what you can't tame
There ain't no rules, this ain't a game
There's no way to stop the fire inside, yeahYou can escape a pouring rain
You can run for shelter in a hurricane
Change your face, lose your name
Lie about things you can't explain
But there's one thing that you cannot denyThe fire inside, the fire inside
You can run from what's in your blood and you can't hide
From the fire inside, the fire insideTonight I'll run, I need no sleep
When it feels this good you're in too deep
In blood I'm gonna write my name, cover my tracks I feel no shame
Just let 'em try and stop the fire insideThe fire inside, the fire inside
You can run from what's in your blood, you can't hide
The fire inside, the fire inside
It's the only way you know you're still alive
The fire inside, the fire inside, yeahThere's no place for me in heaven
Tonight I just might die
There'll be no one to hold my hand, for me no one will cry
There'll be no forgiveness but I'll never denyThe fire inside, the fire inside
You can't run from what's in your blood and you can't hide
The fire inside, the fire inside
It's the only way you know you're still alive
The fire inside, the fire insideThe fire inside, the fire inside
It's the fire inside, the fire inside
The fire inside, the fire inside
