Can You Hear Me

Lila McCann

(lila mccann/mark spiro)Sittin' in my room starin' at the ceilin'
Nothing I do can't shake this feelin'
What have you done to me
I never thought I would be
Sittin' in my room starin' at the ceilin'
I wish I could say that I'm doin' fine
But I can't seem to get you off my mindCan you hear me thinking 'bout you
With all of my heart I've been trying to
Send you my love just in case it's true
You feel the same way that I do
Can you hear me thinking 'bout youI close my eyes praying for the power
Then my heart starts beating a million miles an hour
Until the message is loud and clear
Well baby I'll be right here
Closing my eyes praying for the power
I only hope I can get it right
And find my way into your dreams tonightCan you hear me thinking 'bout you
With all of my heart I've been trying to
Send you my love just in case it's true
You feel the same way that I do
Can you hear me wishin' I was
All you've ever been dreamin' of
I know that I will and I'm willing because
This feeling I feel must be true
Can you hear me thinking 'bout youI toss and turn
I breathe and burn
For one kiss
I'll go on
Right or wrong
Cause I belong
Wherever he isCan you hear me thinking 'bout you
With all of my heart I've been trying to
Send you my love just in case it's true
You feel the same way that I do
Can you hear me thinking 'bout you
Oh yeahCan you hear me thinking 'bout you
Can you hear me thinking 'bout you
