

# Made

## Street Life Cartel

You could hurt with a word  
You could change my life  
You could tell me the truth  
It would cut like a knife  
But I won't let go  
But I won't let go  
But I won't let go  
You could fall, hit the wall  
You could lose your way  
You could lose, you could bruise  
Spend it all in a day  
But I won't let go  
But I won't let go  
But I won't let go  
'Cause if I had to save someone  
I'd still save you  
And if I had to pray for someone  
I'd pray for you  
'Cause you know we are  
Made for each other  
Can't take that away  
Made for each other  
Like sunshine and day  
Made for each other  
I'm here to stay  
'Cause you know we are  
Made for each other  
I'm made for you  
Made for each other  
Like stars and the moon  
Made for each other  
We'll see it through  
'Cause you know we are made  
They could take, they could hate  
They could break our hearts  
They can try all they want  
Never tear us apart  
We will not let go  
We will not let go

We will not let go

'Cause if I had to save someone

I'd still save you

And if I had to pray for someone

I'd pray for you

'Cause you know we are

Made for each other

Can't take that away

Made for each other

Like sunshine and day

Made for each other

I'm here to stay

'Cause you know we are

Made for each other

I'm made for you

Made for each other

Like stars and the moon

Made for each other

We'll see it through

'Cause you know we are made

You know we are made

Our love it won't fade

We just gotta be brave

You know we are made
