

# More Than You'll Ever Know

Nathan Sykes

Hey girl, I'm thinking of you  
Get you home with me, and I wanna-  
Hey, hey, hey  
See girl, don't want another  
I'm down on my knees, ready to-  
Hey, hey, heyIt's a cold, cold world when I'm without you  
Don't you know, know girl, I'm lucky I found youAnd I love you more, oh, more than you'll ever know  
And I need you more, oh, more than you'll ever know  
So, please, don't misbehave with my heartNothing can make me hate you  
You're the closest thing to heaven in nature  
Hey, hey, hey  
No other man's gonna take you  
Comin' over me, that's bad behaviorIt's a cold, cold world when I'm without you  
Don't you know, know girl, I'm lucky I found youAnd I love you more, oh, more than you'll ever know  
Said I need you more, oh, more than you'll ever know  
So, please, don't misbehave with my heart  
And please don't misbehave when it's dark  
And I love you more, oh, more than you'll ever know  
So please, pleaseTake it down for me baby (3x)  
Baby, get it on  
Get it up for me baby (3x)  
Baby-I love you more, oh, more than you'll ever know  
And I need you more, oh, more than you'll ever know  
I love you more, oh, more than you'll ever know  
Said I need you more, oh, more than you'll ever know  
I love you more
