Sorry

Trampled By Turtles

I never meant to hurt you darlin?
I figured you would know all this by now
But I still think that I should say it
There?s more to life than dyeing early
It?s new to me so bear with me a while
And I promise that I?ll do better
When you leave me
Let me down easy
Won?t you?
And you?ll be sorry
And I?ll be sorry back

I never meant to hurt you darlin?
Looks that you?ll be holding too
I won?t be there when you?re calling
There?s more to life than broken windows
I know people that are just like you
And I promise that I?ll do better
When you leave me
Let me down easy
Won?t you?
And you?ll be sorry
And I?ll be sorry back
