

Sorry

Trampled By Turtles

I never meant to hurt you darlin?
I figured you would know all this by now
 But I still think that I should say it
There's more to life than dyeing early
It's new to me so bear with me a while
 And I promise that I'll do better
 When you leave me
 Let me down easy
 Won't you?
 And you'll be sorry
 And I'll be sorry back

I never meant to hurt you darlin?
 Looks that you'll be holding too
I won't be there when you're calling
There's more to life than broken windows
 I know people that are just like you
 And I promise that I'll do better
 When you leave me
 Let me down easy
 Won't you?
 And you'll be sorry
 And I'll be sorry back
