

Stay The Night

[Mariah Carey](#)

You're kissin' me and sayin' I'm the one you need
To keep you warm ad lay with you tonight
Baby, I feel the same way, I don't want to leave
Wanna hold you close and feel your love inside
But I don't wanna play myself
'Cause I know you're with someone else
And I don't need complications in my life
And I don't wanna fall back in
And get caught up in you again
Boy, I'm so conflicted in my mind
And you keep sayin' stay the night
Just let me rock you till the mornin' light
It's cold outside and much too late to drive
You know I need you baby, I'm so lost without your love
Obviously, procrastinatin' just to be
Close to you a little longer now, boy
It's hard for me to break away from you, baby
Never could resist you and I still haven't learned how
And I don't wanna be a fool
But it's hard when it comes to you

And I'm feelin' vulnerable tonight
'Cause I don't wanna miss the chance
Of relivin' our sweet romance
Boy, I'm so confused down deep inside
You keep sayin' stay the night
Just let me rock you till the mornin' light
It's cold outside and much too late to drive
You know I need you baby, I'm so lost without your love
You keep sayin' stay the night
Just let me rock you till the mornin' light
It's cold outside and much too late to drive
You know I need you baby, I'm so lost without your love

Stay the night
Stay the night
Stay the night
I'm so lost without your love
Stay the night
Stay the night

Stay the night
