

Where Does Your Love Go?

[Jason Collett](#)

We can't take it anymore
We say it all the time
We can't take it anymore but we should've taken our time
Where did our love
Where did our love
Where did our love go
Where did our love
Where did our love
Where did our love
Where did our love go
Tired of the southern leaves
Born without shame
On set sold out of century
Our bodies fell from grace
Where did the love
Where did the love
Where did the love go
Where did the love
Where did the love
Where did the love
Where did the love go
Where did the love
Where did the love
Where did the love
Where did the love go
Where did the love
Where did the love
Where did the love
Where did the love go
