

Careful (Live 3/3/04 Birmingham)

Guster

You walked out when I asked you to stay
As usual you will get your way
You closed the door, stumbled down to the street
Where you wring your hands and you drag your feet there
Where the words can't find you to crawl inside you I'm ringing all the warning bells, careful or you'll hurt
yourself
Others lie, lie, lie, they adore you
I'll be the one to tell, careful or you'll hurt yourself
Gonna try, try, try 'til the morning comes You can't hide standing under these stars
They know everything, they know where you are
You're in your head, you're all turned around with in
And they're shining down their lights to bring you back again
Back where I can find you to crawl inside you I'm ringing all the warning bells, careful or you'll hurt yourself
Others lie, lie, lie, they adore you
I'll be the one to tell, careful or you'll hurt yourself
Gonna try, try, try 'til the morning All you want to see
Is make believe in nothing
Way down underneath I'm ringing all the warning bells, careful you don't hurt yourself
Others lie, lie, lie, they adore you
I'll be the one to tell, you're careful you'll hurt yourself
Gonna try, try, try 'til the morning comes
