You

Deep Blue Something

Well hey you, Mr Torn JeansDo you think you're meanWell, you cut just as easilyAs the faggot in the pinkAre you ready tonightFor the bloody sightBe a good boy, stand up and fightYou're gonna die
You're gonna dieWell hey you, Mrs Big HairNo one really caresAnd all the boys stop and stare
It isn't fairWell, you really look rightBut we know you're not tightBecause you slept with my roommate last nightYou're gonna dieYou're gonna dieRemember , I'm in you, I'm in you
Remember, I'm in youRemember, I'm in you, I'm in youI'm in youWell hey you, Mr PolicemanTrying to hold my hand
Yeah, we like what you're sayingBut please get off the bandAnd please don't cry'Cause you know you can't flyBut all you do is sit and get high
You're gonna die (5X)I'm in you, I'm in you (4X)
